## Won't you support our Hospice of Amador & Calaveras Labor Day Appeal?

This Labor Day, Hospice of Amador & Calaveras is once again asking for your support. Last year, we provided hospice care to more than 260 patients in our two-county region, helping each of them live their final days with dignity, and in comfort. Regardless of changes to healthcare on a national level, which many have experienced lately, our mission remains the same: To provide quality, compassionate end-of-life-care to all who need it. In over 35 years, we have never turned away a patient for inability to pay. We know how important our mission is to us, and your past generosity means that it must be important to you.

On behalf of our entire community of patients, families, and HOAC staff,  
With tremendous gratitude, I thank you for your support.

LABOR of LOVE

## MARTA STRANGE

Marta has spent years as a customer service professional, but she is relatively new to ACES -- she'll celebrate her two-year anniversary in October. After 32 years working in the optical industry, she's now helping ACES residential customers with service requests, courtesy calls, phone payments, and problem-solving wherever needed.

"I love the people I work with as well as Amador County customers, and it's really rewarding to be helping people," she says.

Marta and her husband live in Lone, and they enjoy family time with their grown children and hiking at area lakes and trails.
