It is with heartfelt gratitude for your loyal support that we share some exciting news. After close to 50 years of serving Amador County and our wonderful community, ACES Waste Services Inc. is being acquired by Republic Services.

From day one, we have always taken great care to provide you with the highest level of customer care and recycling and waste services in California. Republic Services shares this commitment and brings with them over 170 local employees dedicated to serving you. They are also warmly welcoming all the members of ACES' team into their family.

You can rest assured that the same friendly faces you've come to know and rely on will continue to handle your recycling and waste collection needs, and now with the added support that Republic brings.

We understand that with change comes questions, so we want to assure you that we are dedicated to making this transition as smooth as possible. We will be here every step of the way to answer any questions and address any concerns you may have.

Jason McCowan

Jason was working in a variety of entry-level service jobs when he decided to get his commercial drivers license. A family friend told him that ACES was a great place to work so that was where Jason headed as soon as he had some truck driving experience under his belt. He's been at ACES for five years now, and drives residential service routes.

We asked Jason if anything surprised him about the job when he started with ACES and he said, "I didn't know how many narrow roads there are in the county!" Navigating historic alleys in town and narrow lanes in the country are definitely a regular challenge for ACES drivers.

Jason lives in Pioneer, is engaged to be married, enjoys pottery and working in his garden, and appreciates the Monday - Friday schedule and dependable work hours at ACES. He said, "I'm learning a lot on the job. I feel really fortunate to have others around me who are willing to share their experience and expertise."
